### *Sayings from the week and wisdom from the tradition*

The more you know yourself, the more patience you have  
for what you see in others.

- Erik Erikson

I leave you finally a responsibility to our young people. The world around us really belongs to youth, for youth will take over its future management. Our children must never lose their zeal for building a better world. They must not be discouraged from aspiring toward greatness, for they are to be the leaders of tomorrow. Nor must they forget that the masses of our people are still underprivileged, ill-housed, impoverished, and victimized by discrimination. We have a powerful potential in our youth, and we must have the courage to change old ideas and practices so that we may direct their power toward good ends.
